

UNIVERSITY of DEBRECEN

HUNGARY

If you want to study at one of the largest and most diverse university in Hungary, with **14** faculties and a student body of almost **27,000**, out of which **5,000** are international students, Debrecen is the right place for you. We offer internationally competitive degrees accredited almost all over the world, engage you with an international group of students from more than **100** countries, and make you experience true Hungarian culture, way of life, and cuisine together with your new university friends.

WHY CHOOSE US:

- European degrees of renowned state research university
- Affordable tuition fee
- Reasonable living expenses compared to other European countries while still providing a Western European way of life and possibilities
- Wide range of internship opportunities
- Huge number of international students and a challenging, multicultural environment
- Excellent location in a natural forest area under international environmental protection
- One of the most beautiful universities in Central Europe
- Several scholarship programs allow temporary studies at other European universities
- Health insurance provided by the university is valid for short travels to all European countries
- Hungary's membership in the Schengen area allows unlimited travel within the entire European Union and there are no official borders anymore
- Housing provided on campus, safe environment
- Wide range of services and resources, broad selection of sport activities, huge variety of entertainment possibilities

ABOUT HUNGARY:

This small country hosts one of the oldest European nations, situated in the very middle of the continent.

This is the country

- which boasts one of the world's most beautiful cities: Budapest, the "Pearl of the Danube"
- where 2,000 year old Roman ruins and 400 year old Turkish monuments can be found side by side
- where Central Europe's largest fresh water lake - Balaton - is located, providing a natural paradise for its visitors
- where hundreds of therapeutic mineral springs gush up from the depths

And there is something else that keeps bringing visitors back to us – the legendary Hungarian hospitality.
