

# BRNO – CITY OF UNIVERSITIES

Brno, the historical centre of Moravia, is the second largest city in the Czech Republic, with a population of almost 400,000. The life and atmosphere of Brno is deeply influenced by its institutes of higher education. (Six public universities with their 80,000 students – the highest concentration of students in any city in the Czech Republic).

South Moravia, where Brno is located, is a flourishing region attractive to tourists. Besides its many important national monuments and wine routes which wend their way through a beautiful landscape, the region offers a great variety of leisure-time activities.

## REASONABLE LIVING COSTS

As compared to other leading universities or Western European countries, the costs related to studying in the Czech Republic are relatively low. The estimate of the total annual costs of a student's life in Brno, including accommodation, meals etc., is 3,500–4,000 EUR.

# MASARYK UNIVERSITY

Masaryk University, located in Brno, the Czech Republic, was established in 1919, and with its nine faculties and more than 40,000 students is currently the second largest Czech university.

In recent years it has consistently attracted record numbers of applicants and has come to be recognized as one of the major Central European universities. One of the top priorities of Masaryk University is research.

The university places a strong accent on international cooperation with prestigious foreign universities and research institutions, and is a member of many important international associations.
